With its four rings of different diameters hanging from each other, the RONDO ceiling light is a real eye-catcher. The ceiling light has an integrated dimmer that is controlled via the light switch. This allows flexible control of the brightness of the LEDs installed on the inside of each circle. The 97 cm wide ceiling light is a real decorative element and stylishly enhances any living space. Thanks to the matt black colour scheme, the light can be combined with many furnishing styles. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
