The high-quality PARIS II floor lamp impresses with its high-quality design and creates a cosy ambience. The switch for switching the floor lamp on and off is conveniently located under the shade holder, making it easy to operate. The matt brass base is combined with a white shade made of elegant fabric. The use of LED light sources is recommended for energy-saving lighting. These are an ideal alternative to conventional halogen light sources and offer high light quality and energy savings of up to 80%. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.
