With its modern and unusual design, the OAKLAND pendant light creates a striking eye-catcher in your living space. Pendant lights are ideal for illuminating specific areas to optimum effect. Placed in the centre above the dining table, the pendant really comes into its own and invites you to linger with friends or enjoy a cosy meal. The light also impresses with its practical additional functions. The integrated SWITCH dimmer allows you to choose between three different brightness levels using a conventional light switch. By graduating the light intensity from 100% to 50% and 25%, the light can be used to create different lighting moods. The luminaire has a height of 150 cm and a diameter of 70 cm. The matt nickel finish gives the pendant light a modern design that can be found in numerous furnishing styles. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
